### **PREFACE:**

#### **TO STUDENTS AND PARENTS:**

Elder Grove Public Schools student/parent handbook contains information that students and parents need during the school year. The handbook is organized by topic beginning with parent involvement and enrollment requirements. This is followed by academic information, procedures, student rights and student services, continuing with the code of conduct and concluding with extra curricular activities. Throughout the handbook, the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibilities for a student.

The handbook is designed to be in line with School Board policy. Please be aware that this document is updated and revised annually. Therefore, any changes in policy that affect student handbook provisions will be made available to students and parents. These changes will generally supersede provisions found in this handbook that have been made obsolete by newly adopted policy.

In case of conflict between Board policy and any provisions of student handbooks, the provision of Board policy is to be followed.

### **DISTRICT WEBSITE**

In an effort to better communicate with our students and parents as well as our desire to become a more environmentally friendly organization we intend to use our updated website as our main means of communication this year. This website is [www.eldergrove.k12.mt.us](http://www.eldergrove.k12.mt.us). All pertinent documents, calendars and schedules will be available here. Another exciting feature is the Parent Portal to Infinite Campus; this will allow you to access real time information regarding your child’s attendance, grades and discipline information. This Portal can be accessed from the district’s website. All Middle School students will be given a username and password for their own access.

#### **Disclosure Statement:**

Elder Grove School District will publish the full names and images of students in the newspaper, hallways, radio stations, TV stations, and District Web Page. This publishing may include filming of entire classroom instruction and streaming video of school events. **Any parent not wishing to have their student’s name and/or image utilized must contact administration within ten days of receiving this handbook.**

## PARENT INVOLVEMENT, RESPONSIBILITIES, AND RIGHTS

The District believes that the best educational results for each student occurs when all three partners are doing their best; the District staff, the student's parent, and the student. Such a partnership requires trust and much communication between home and school. To strengthen this partnership, every parent is urged to:

- ◆ Encourage his/her child to put a high priority on education and commit to making the most of the educational opportunities the school provides.
- ◆ Review the information in the student handbook with his/her child and sign and return the acknowledgement form(s) and the directory information notice. A parent with questions is encouraged to contact your child's teacher or principal.
- ◆ Become familiar with all of the child's school activities and with the academic programs, including special programs offered in the District. Discuss with the counselor or principal any questions, such as concerns about placement, assignments, and the options available to the child. Monitor the child's academic progress and contact teachers as needed.
- ◆ Attend scheduled conferences and request additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office for an appointment. A teacher will usually arrange to return the call or meet with the parent during his/her conference period or at a mutually convenient time before or after school.
- ◆ Exercise the right to review teaching materials, textbooks, and other aids, and to examine tests that have been administered to his/her child.
- ◆ Become a school volunteer. For further information, contact Mr. Schmitz, Superintendent.
- ◆ Participate in parent organizations. Parents have the opportunity to support and be involved in various school activities, either as leaders or in supporting roles. Our current parent organization is the Elder Grove Parent Teacher Organization. Please see the school website for more information on EGPTO.
- ◆ Offer to serve as a parent representative on the District-level planning committees formulating educational goals and plans to improve student achievement. For further information, contact Mr. Schmitz, Superintendent.

## ENROLLMENT REQUIREMENTS

### STUDENT INFORMATION FORM

The first page of this handbook features an information sheet for you to complete. Having this information returned promptly and correctly is of utmost importance. A record of this information is kept in the school office in case you need to be contacted. Please make sure all telephone numbers, emails and addresses are accurate and clearly written. Remember to put the name and telephone number of a person who can be contacted in case you cannot be contacted for an emergency. We will utilize the Infinite Campus student information system and will be communicating via email when possible.

**Please notify the school if you change your address, email address or telephone numbers during the year. Accurate information is a necessity!**

### PROOF OF RESIDENCY

Prior to enrollment or admittance to Elder Grove Elementary or Middle School, a physical address will be verified with the local election department for accuracy. **Two proofs of residency are required. One proof must be a title to the house or a lease and the second must be a current utility bill (gas, water, electric) for the residence.** Only students residing in the Elder Grove School District may attend school in this district, unless otherwise approved by the Elder Grove School Board.

### ENTRANCE AGE

According to Montana State Law, kindergarten students must be five years old on or before September 10 to be eligible to attend kindergarten. First graders must be six years on or before September 10.

**All students must present a birth certificate at registration.**

### TEACHER REQUESTS

Grade level teachers and the principal will work together to create classes that are homogeneous. Each child will be assigned to a classroom based on abilities, relationships with other students, the teacher's teaching style, special needs and boy/girl ratio. The administration will make the final decision based on the above criteria.

### WITHDRAWAL OF STUDENTS

If you are moving and are withdrawing your child from school, please notify the office a few days prior to the withdrawal date. This will give ample time to complete the necessary paperwork, etc. Your cooperation is always greatly appreciated.

### IMMUNIZATIONS

**All students must present proof of immunizations at registration. All immunizations must be complete before the child will be placed in a classroom. Proof of immunization must be provided upon initial entry or enrollment will be denied.**

Montana State Law requires that all children attending school are immunized against diphtheria, pertussis, poliomyelitis, tetanus, measles, and rubella. This includes:

DPT_____	4 doses with at least 1 dose after 4 <sup>th</sup> birthday; 1 dose of tdap prior to entering 7th grade
Polio_____	3 doses with at least 1 dose after 4 <sup>th</sup> birthday;
Measles_____	2 doses with at least 1 dose after 1 <sup>st</sup> birthday;
Rubella_____	2 doses with at least 1 dose after 1 <sup>st</sup> birthday;
Mumps_____	2 doses with at least 1 dose after 1 <sup>st</sup> birthday;
Chicken Pox____	2 doses with at least 1 dose after 1st birthday

If a student's religious beliefs conflict with the requirement that the student be immunized, the student must present a statement signed by the student (or by the parent, if the student is a minor) stating that immunization conflicts with the beliefs and practices of a recognized church or religious denomination of which the student is an adherent or member. This statement must be renewed yearly. If a student should not be immunized for medical reasons, the student or parent

must present a certificate signed by a Montana licensed physician stating that, in the doctor's opinion, the immunization required would be harmful to the health and well-being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

### STUDENT RECORDS

Under the Family Education and Privacy Act, the school will permit the parent/guardian of a student to inspect and review the education records of the student. All parental/guardian requests will be honored in reasonable time. In case of divorce or separation, this school district will provide access to educational records to both custodial and non-custodial parents unless there is a legally binding document that specifically removes that parent for inspection rights.

Please notify the school if there is a dispute between divorced or separated parents regarding your child's custody. The school is sometimes asked to help restrict parental contact with the child. In such cases, we require a copy of legal documentation in order to comply with such a request.

### FREE AND REDUCED LUNCH

This year the USDA will be covering the cost of 1 breakfast and lunch for each student. If a student wishes to purchase an extra meal or drink they may do so but will be charged for those items. If a student has a negative lunch balance they will not be allowed to charge for extra meals or drinks until there is a positive balance in their account. Lunch money can be applied in either school office or on the parent portal.

### BREAKFAST

Breakfast is served between 7:45-8:00 am. Students must be at school on time to eat their breakfast and still get to class on time. They will be counted tardy if they are not in their classroom by 8:05. Please refer to the tardy policy. The daily cost for breakfast is \$1.50.

### LUNCH

We like students to prepay for their lunches on a monthly basis. The daily cost for lunch is \$3.00. Student's cost to purchase milk is \$0.50 per carton. The school will send an email notice when their balance reaches below \$10.00. We hope to prevent negative balances. An email will be sent when the lunch balance reaches \$0. If you do not have an email or would rather have a paper copy, please notify the main office to have a paper copy sent to you. You can check your student's lunch balances now on Infinite Campus using your parent portal. **Students with a negative balance of greater than \$10 will be given an alternate lunch and school personnel will call home until their balance is brought back up into the positive. If a lunch account reaches a negative balance of \$25 or more the account will be suspended. All accounts owing more than \$25 at the beginning of the school year will be suspended until the balance is brought back to zero.**

### LUNCH/SNACKS/TREATS

- While eating lunch, students are required to use courteous table manners. Students could be required to clean tables and sweep floors after lunch if inappropriate behaviors warrant it.
- Students may bring nutritional snacks to eat in the classroom under the teacher's directions. There is to be no eating of food on the bus or school grounds.
- Because peanut butter is used periodically by our food service personnel, we recommend that parent/guardian of children with peanut allergies closely monitor the lunch menu and possibly provide a cold lunch.
- Sack lunches will be provided for field trips at student's cost.

### BUS SERVICE

Elder Grove provides bus transportation for all students; however students that live within three miles of campus will have to pay busing fees. If a bus fails to arrive at your stop, call the office. If you continue to have problems with the bus, or you have difficulty locating your route, see the Superintendent.

**If you wish to have your student not ride the bus on any given day, the office must be notified by 12 pm on that day. We will not be able to guarantee change to transportation for students after 12 pm.**

Please keep in mind that your bus driver is responsible for the lives of all the students on his or her bus. Therefore, you are asked to respond to the directions of your driver and abide by the rules listed below on all buses (including field trips, athletic buses, etc.). Students who fail to observe these rules will not be permitted to ride the bus.

- 1) If you must cross a roadway to board a school bus, wait until the bus driver signals you to cross the roadway when it is safe to do so.
- 2) Stay off the roadway while waiting for a school bus and do not move toward the bus until the bus has been brought to a complete stop.
- 3) You are not permitted to get off a school bus at any place other than your designated stop.
- 4) Remain seated while the school bus is in motion.
- 5) Do not lower school bus windows below the stop line painted on the body pillar.
- 6) Do not reach or lean out of the bus.
- 7) Any conduct that interferes with the driver's ability to operate a school bus in a safe manner is prohibited.
- 8) Keep bus aisles free of obstructions, for example: books, backpacks, coats.
- 9) Please be quiet when a school bus is approaching a railroad crossing.
- 10) You are not permitted to eat on a school bus.
- 11) You are not to throw objects from a school bus window or door.
- 12) Do not leave litter of any kind on a school bus.
- 13) Do not deface or vandalize a school bus.
- 14) Respond promptly to all instructions given by the school bus driver.
- 15) **In order for a bus rider to be dropped off at a different location than normal or ride a different bus than normal a signed note from both parents involved must be signed by the Principal and then delivered to the bus driver.**

## ACADEMICS/GRADING PROCEDURES

### **COURSE DESCRIPTION/PARENT PACKET (*Course Syllabus*)**

Within the first five days of the semester each of your teachers will provide you with a course description (in the Middle School) or a Parent Packet (in the Elementary). This description will explain the general goals of the course, the specific knowledge and skills you should acquire as a result of the course, the activities that will be included, and the procedures for grading. These grading procedures include such things as homework, unit tests, quizzes, etc.

### **COURSE PLACEMENT**

Students will be placed into academic courses based on what is best for their academic growth. This includes higher level courses, foundation classes, and student movement within the Response to Intervention model. All available information will be used to determine these placements including academic performance, test scores (SBAC, NWEA, etc.), attendance, and teacher recommendation. If parents would like more information on their child's placement please contact your school administrator in order to set up a meeting with your child's teacher(s).

### **GRADING PERIODS**

Each semester is divided into two quarters each consisting of 9 weeks. At the end of each grading period, you will be assigned a grade that reflects your achievement solely for that grading period. In other words, the grade that you earn for one grading period does not carry over into the next. You have an opportunity for a new start with each grading period.

### **GRADES**

Credit will be earned by the semester. Report cards will be issued at the end of each quarter and semester.

Teachers are the final judges on the quality/quantity of work receiving a passing or failing grade.

Grades 5-8 Grading Scale (by percentage):

100	A+	78-79	C+
94-99	A	74-77	C
90-93	A-	70-73	C-
88-89	B+	68-69	D+
84-87	B	64-67	D
80-83	B-	60-63	D-
		59 & below	F

Elementary students may be graded on a “Satisfactory, Needs Improvement, Unsatisfactory” or a “Proficiency” grade scale. Please contact your child’s teacher for more information on grading practices.

High Honors will be reserved for those students who maintain a 4.0 GPA for all 4 quarters during the school year. Honor Roll will be reserved for those students who maintain a 3.0 GPA for all 4 quarters during the school year.

## RETENTION

### For students in grades kindergarten through fifth:

Any student in kindergarten through fifth grades achieving below his/her grade level may be considered for retention. Any such cases will be communicated to the parent/guardian at the end of the 1<sup>st</sup> semester in an effort to correct any deficiencies. Communication will continue between the parent/guardian and teacher in the form of phone calls, personal conferences, mid-term reports, and quarterly report cards. Documentation of this communication will be made available upon request. After the 4<sup>th</sup> quarter midterm progress report, a meeting will be scheduled with parent/guardian, teachers, counselor, and principal. During this meeting, the Light’s Retention Scale will be used to gather more information. At this time, a decision will be made serving the best interest of the student. Parents will have the opportunity to be actively involved in the process. All recommendations will be made in writing and forwarded to the Superintendent of Schools. The Superintendent will make the final decision based on the recommendation.

## CONFERENCES

Parent/Teacher Conferences are set up for the end of the first grading period. It is our goal to meet with 100% of our students’ parent/guardian at this time. Other conferences may be requested by the parent/guardian, teacher, or administrator as the need arises throughout the year.

## HEALTH ENHANCEMENT AND MUSIC

Health Enhancement is offered for all students. If a student’s participation has some limitations, it will be necessary to submit a written note to the office for an excuse from physical education activities. Continued limitation will require a doctor’s written excuse on file.

## FIELD TRIPS AND ASSEMBLIES

Field trips shall be permitted providing their nature supplements and reinforces the Montana Essential Learning Expectations (ELE’s). These activities are supplemental to the educational process and do not constitute part of the essential core curriculum to be taught to all students. .

**Students with failing grades and/or behavioral issues prior to the activity, with the teacher's discretion, will not attend field trips and/or assemblies unless they receive special permission from the teacher and principal.**

Only district-approved transportation shall be used on field trips, unless otherwise approved by the board. Siblings, preschool students, or others who are not enrolled in the class will not be allowed to attend. Students who require that medication be administered during the field trip should have a parent/guardian accompany him/her if at all possible. School rules, procedures, and policies remain still in effect while on school sponsored events.

Please keep in mind that all volunteers must pass a background check. Please make arrangements with your child's teacher and the main office in order to get this process completed prior to the activity.

## PROCEDURES

This section of the Student Handbook is designed to acquaint you with the appropriate procedures to follow for a variety of circumstances that may arise in a school. You should become familiar with these procedures.

### PICK UP AND DROP OFF LOCATIONS

All students are to be dropped off by parent/guardian in the appropriate **parking lot**. For safety reasons, students cannot be picked up anywhere else including the parking lot near the main office or Library exit or off of 64<sup>th</sup> Street. Students being dropped off after 8:15 or being picked up before 2:00 may be picked up or dropped off by the main office. Please note: students cannot be dropped off prior to 7:45 a.m. and must be picked up immediately following school. Students are not allowed to be on campus, including the playground, without adult supervision.

### ABSENCES

Regular attendance is essential to learning. You are responsible for being in class on time and being prepared for class participation (homework done and reading assignments completed, etc.). All absences are limited to **fifteen (15)** days per year. The only absences that do not count against these fifteen days are school sponsored absences and out of school suspensions. Any student who accumulates fifteen days of absences during a year will, with his/her parents or guardians have the opportunity to petition the Attendance Review Committee for credit and to remain enrolled in school.

See Activities Handbook for policy in regards to absences due to activities during school hours.

State law requires:

- A student between the ages of 7 and 16 must attend school unless the student is otherwise legally exempt or excused. A student who voluntarily attends or enrolls after his or her sixteenth birthday is required to attend each school day. School employees must investigate and report violations of the state compulsory attendance law. A student absent from school without permission, from any class or from required special programs, will be considered truant and subject to disciplinary action. Truancy may also result in assessment of a penalty by a court of law against the student and his/her parents.
- When a student must be absent from school, the student-upon returning to school-must bring a note, signed by a parent, describing the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted.

### EXCESSIVE ABSENCES

**All students that exceed the fifteen day limit will be considered for retention.**

Elder Grove School District recognizes that regular school attendance contributes to successful student achievement. Regular and punctual patterns of attendance are expected of each student enrolled in the district. Regular school attendance is essential for the student to make the most of his or her education: to benefit from teacher led activities, to build each day's learning on that of the previous day, and to grow as an individual. Days lost from school cannot be made up, even if the class work and homework are done, because there is no substitute for uninterrupted personal contact between teacher and student.

Attendance at school is a shared responsibility of the parent/guardian, student, and school personnel. The principal shall be responsible for the implementation and enforcement of the district student attendance policy.

Procedures:

- The school will send a letter to the parent/guardian when a child has accumulated 5, 8 and 10 absences each semester. The principal or teacher will schedule a conference with parent/guardian to discuss attendance problems when the child has accumulated 10 absences.
- Any student who misses more than a maximum of 10 days during a semester will be considered for retention. Such a child shall be referred to the Attendance Review Committee. The Attendance Review Committee shall

be comprised of the student's teacher(s), the principal and at least one other staff member who knows the student, i.e.: the Title teacher, Resource teacher or another classroom teacher. The committee shall meet and review the student's attendance and academic performance and then make a recommendation in writing to the student's parent/guardian within 10 calendar days of the meeting. Possible recommendations may include, but not limited to, retention, probation, home visitation by school staff, Truancy Officer, or referral to the District Court according to section 20-5-106 (MCA).

**\* Exception to the Attendance Policy:**

A student with a documented long-term illness or injury may, at the discretion of the Attendance Review Committee, be granted special consideration under this policy.

**REPORTING AN ABSENCE**

In order to report an absence, please follow the procedures explained below.

**1) If you are ill:**

- a) Parents should call the office and give the student's name when reporting an absence.
- b) You will not be allowed to participate in evening or after school activities on a full-day absence.

**2) If you know you will be absent (Pre-Arranged Absences):**

If you know in advance that you will be absent from school, have your parents contact the office prior to the date of your absence. Prior to your absence you should make arrangements with your teacher to obtain homework assignments.

**3) If you leave school early:**

If you must leave the building during the school day for any reason (doctor's appointment, family emergency, etc.), you must be signed out through the Office by an adult that has prior permission on record from your guardian.

**4) If you report late to school:**

You must immediately report to your class. Students in buildings 2, 3 and 4 will need to go to the office to get a key card. Students with chronic tardiness are subject to both disciplinary and academic consequences.

**Unverified Absence:**

This will be documented when a student misses school for reasons that are unacceptable to the school, when a student misses school without prior knowledge and approval of the parent and principal, or when the absence(s) are not verified through school procedure and policy.

**Failure to follow these procedures will result in disciplinary consequences.**

**TARDY POLICY**

Being on time, whether to class, work, or an appointment is an important habit to establish. We feel it is our job to instill in our students sound work ethics. In school, tardiness also results in unnecessary disruptions to the class. Tardiness is recorded in attendance records. **Students are to be considered tardy if they are not in their classroom at 8:05** and on time for each class throughout the day in Middle School. A student is considered ½ day absent if they arrive between 8:30 and lunch. For the security of students, all students arriving after 8:05 am are required to check in at the main office or middle school office. They will need to receive a tardy slip in order for them to be admitted to their classroom.

Please see the Code of Conduct for disciplinary consequences regarding excessive tardiness.

**MAKE-UP PROCEDURES**

If you are absent due to any reason you must see your teachers immediately upon your return to school to determine make-up work and their deadlines. Failure to make-up work and or meet deadlines will result in academic consequences.

**MAKE UP WORK**

Students are expected to make up all work missed when they are absent. However, it is the responsibility of the student to get the assignment from the teacher and to hand in the completed work on time.

Students will have two days to make up schoolwork for every day that the student was absent with a maximum of five days, beginning on the day of return from that absence. The last day of a grading period is the last day to turn in makeup work for that quarter unless the student has negotiated an "incomplete" grade with the teacher before the end of the quarter. Teachers may also assign alternative assignments to make up for missed participation during class time.

### **Exception to the Makeup Work policy**

A student with a documented long-term illness or injury may, at the discretion of the administration, be granted special consideration under this policy.

### **HOMEWORK (Extra Practice)**

Homework is expected to help achieve educational goals and to encourage parent/guardian to be involved with their child's learning. Homework is extra practice for the assessment. It is important that all homework is completed to ensure that students can perform the skills that will be assessed. Learning is not restricted to the classroom. All students will be expected to turn in all assignments. There will be no deduction for late work, however, there will be a system in place that will help insure all assignments are turned in.

### **TELEPHONE USAGE**

Students should make all personal arrangements before or after school. Students will not be allowed to use the telephone unless a teacher or school personnel gives permission. Students will be allowed to use the school phone subject to teacher discretion.

Messages will be delivered to the student by the office. Messages from home need to be called in by 2:30 to ensure delivery. Please refrain from calling to visit with students during school hours unless it is an emergency or the teacher has requested you to do so.

If you wish to speak to a teacher during class time, leave your number, and she/he will return your call as soon as possible at their next break. The best times to call teachers are at 7:45 A.M. and 3:00 P.M.

### **ILLNESS**

If your child is not feeling well enough to participate in the regular school program, he/she will probably be more comfortable staying home. **Please call the office and report your child's absence by 9:00 a.m.** Your child should be free of a fever for at least one day before returning to school. If a child's temperature is 100 degrees or higher, they should not be in school. Documentation of these bouts of illness (doctor's notes) should be kept in case of excessive absences. We believe that a child who is too ill to go outside at recess time is too ill to be at school.

Please try to make appointments after school hours; we also understand that getting into certain appointments is difficult. Please inform the teacher in advance so they can get any work to be missed ready for your child if they must miss school.

### **COMMUNICABLE DISEASES**

To protect children from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of a student with a communicable or contagious disease should phone the school nurse or Superintendent so that other students who may have been exposed to the disease can be alerted. These diseases include, but are not limited to:

Amebiasis	Hepatitis	Rubella (German Measles)
Campylobacteriosis	Influenza	Chickenpox
Lyme disease	Salmonellosis	Chlamydia
Malaria	Syphilis	Colorado Tick Fever
Measles (Rubella)	Scabies	Diphtheria
Meningitis	Shigellosis	Gastroenteritis
Mumps	Strep Throat	Giardiasis
Pinkeye	Tuberculosis	Hansen's disease
Ringworm	Whooping Cough (Pertussis)	COVID (any variant)

For information from the Montana Department of Health school health program regarding control of head lice, you may wish to contact your local health department.

#### **BEFORE AND AFTER SCHOOL REGULATIONS:**

Students should be off the school grounds and on their way home immediately after school unless you are a member of a team at practice or another adult supervised activity. Due to supervision concerns, **students are not allowed to be on campus prior to 7:45. Once dropped off they need to report to their classroom.** unless they have a prearranged meeting with a teacher. Students are allowed in school during the hours of 7:45 a.m. until 3:15 p.m. **Students not riding the bus must be picked up immediately following school.** There must be a staff member of the Elder Grove School present at all times when there is a meeting, athletic practice session or any organization meeting on school grounds or in the school building before or after school hours.

**Students may NOT wait for games or activities at the school unless they have adult supervision. A student is expected to take their regular transportation to and from school unless a written note from both parents has been delivered to administration.**

#### **REPORTING AN INJURY OR ACCIDENT**

Please promptly report any accident or injury that takes place at school to your teacher, the health attendant, or principal.

#### **BRINGING A VISITOR TO SCHOOL**

Visiting students will be allowed to accompany Elder Grove students to school as long as written permission from their parent/guardian, emergency contact information is provided and the visit is previously approved by the principal and classroom teacher.

#### **CHANGE OF ADDRESS**

**If you change your address, email address, or telephone number, please report the change to the office as soon as possible.**

#### **REPORTING A THEFT**

Immediately report any theft to your teacher and/or principal. Please note that Elder Grove does not provide insurance against theft or loss of personal property and cannot reimburse students for such losses. You should be well advised not to bring valuables or large amounts of money to school.

#### **REPAIRING LOCKERS**

If you are having a problem with your locker, report it to the Middle School Office.

#### **CLOSING OF SCHOOL ANNOUNCEMENTS**

Announcements regarding school closings because of severe weather, power failure or other emergency conditions may be heard on the following radio stations KCTR 970AM, 95.5 FM News Radio, KCTR 102.9 FM and 101.9 FM, via facebook, the website, and IC Messenger. A phone tree will also be used if such an event occurs. Absences due to bus routes being cancelled because of weather will not count against the attendance policy. If you feel that because of your situation, it would be unsafe for your child(ren) to attend school, please use your own discretion as to whether or not to send your child(ren) to school that day.

#### **FIRE AND DISASTER DRILLS:**

Frequent fire and emergency disaster drill will be held throughout the school year in accordance with school law. Teachers will go over with the students to the best exit from the building for their particular classroom. During fire drills, when outside, form groups with your teacher a safe distance from the building in the designated area

Return to the building when the signal is given. Calm and good conduct is important. If you are not with your class when a fire alarm sounds, leave the building by the nearest exit and immediately report to your supervising teacher.

## OUT OF SCHOOL SUSPENSION

Students suspended out of school will not be allowed on any of the school campuses at any time during the suspension. This includes the regular school day and all home extra-curricular events, such as ball games, dances, etc. Anyone who shows up on a campus while being suspended can be charged with trespassing and can be removed by the police.

## RECESS

All children will go out to recess except on days of extreme, inclement weather. It is important that parents keep the changing seasons in mind when it comes to clothing. As the colder weather approaches, hats, heavy coats, mittens/gloves, and boots become part of every student's wardrobe for all recesses. **If students are not dressed appropriately for the weather, they may be required to stay inside during recess at the discretion of the teacher and/or principal.**

We believe that if children are well enough to attend school, they should go outside during recess. There are rare exceptions to this, but we ask that you help us by keeping seriously ill children home. If your child does need to stay in for medical reasons, please have a note from your physician.

## FEES

Materials that are part of the basic educational program are provided with state and local funds and are at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees and deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities. (See activity fees).
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instruments.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Fees for lost, damaged, or overdue library books.

## PERSONAL AND SCHOOL PROPERTY

### LOST AND FOUND

Lost and found items are kept in the main office. All lost and found articles should be brought immediately to the teacher or school office. Please check with the building secretary if you are missing something. It is important that you label all your child's belongings so they can be returned to the rightful owner. Items not claimed by the end of each semester will be donated to a charitable organization.

### ITEMS FROM HOME

Students are not to bring valuable personal items or large sums of money to school. Too often such items are lost or broken, and have been known to be stolen. Neither the school nor the teacher will be responsible for lost or stolen items.

### BALLOONS, FLOWERS, GIFTS, ETC.

Any flowers, balloons, or gifts delivered to the school must be paid for prior to delivery. Money will not be collected in the office. Students can pick up these articles at the end of the day. The only exception to this will be when flower distribution has been cleared through the office and it is school related.

**If birthday invitations must be passed out at school, students will give invitations to the teacher who will pass out the invitations to all students in the class.** If you are unable to invite the entire class, invitations should be sent by mail to avoid any hurt feelings of children not included.

### **DAMAGE TO SCHOOL PROPERTY**

Our school takes pride in its facilities, furniture, equipment, and the material that we offer our students. Any pupil who shall cut, deface, or otherwise damage any school building or equipment, or who shall be guilty of theft of school property, shall be liable. This includes disciplinary action and his/her parents or guardians shall be liable for damages to the amount of injury or theft. This amount is to be paid to and collected by a school district official for the Board of Trustees. If students willfully destroy school property, suspension and subsequent expulsion may be necessary.

If you should happen to damage something by accident, you should report it to a teacher or the office immediately.

### **TEXTBOOKS, WORKBOOKS AND LIBRARY BOOKS**

Books that are checked out to students become their responsibility. Lost or damaged books must be paid for and students will be assessed the cost for repairs or replacements prior to final report cards being dispersed.

Our school library center is a vital part of our instruction program. Through regularly scheduled class times (and open library time) students are encouraged to explore the many books, research materials, and computer software that our library media center contains.

In order to maintain an adequate collection, pupils, teachers, and parent/guardian must cooperate to see that materials are returned in good condition. Any overdue book must be returned or declared lost. If lost, you must pay a replacement cost plus a \$5.00 processing fee. If the book is later found, and returned to the library, all money will be refunded except the \$5.00 processing fee.

### **CELLULAR PHONES AND OTHER PERSONAL ELECTRONIC DEVICES**

Cellular phones (including any phone watch), iPods, mp3 players, PSP and any other personal electronic devices are not to be used at school from 8:01 A.M. to 3:01 P.M. These items need to be turned off and stored in your locker or with a teacher during the school day. If the item is on a student's person it will be confiscated regardless if it is being used or not. The first time it will be held by the principal until the end of the day, the second time until your parents come in to pick it up and the third time it will be confiscated until the end of the semester. These devices may be used on buses.

**Note:** Reading devices, such as Kindles, Nooks, iPads, etc. may be used at the teacher's discretion. The school is not responsible for any lost or stolen items. Any devices being used for other reasons will fall under the above policy.

In order to maintain discipline and safety for all students or when there is reason to believe that a student may be engaged in an illegal activity, school officials may search a student's person or any and all areas under his/her immediate control on the school grounds. School lockers, books, equipment, or other items belonging to the school shall be considered on loan to a student and school officials shall have the right to inspect such items at any time. Any dangerous items or illegal material found in the possession of or subject to the immediate control of a student may be confiscated. Any student concealing dangerous items or illegal material will be subject to disciplinary action, which may include parent/guardian conference, counseling, suspension, reporting to law enforcement authorities, and/or expulsion from school.

*Note: It is Elder Grove's policy to share information regarding the criminal activities of students with juvenile authorities including local police departments as permitted by law.*

### **FREEDOM FROM DISCRIMINATION ON THE BASIS OF SEX**

Elder Grove School District #8 does not discriminate on the basis of sex in its educational programs, activities, or employment policies. This means that no student shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, co-curricular, research, occupational training, or other educational program or activity operated by Elder Grove Schools. Inquiries or complaints regarding sex discrimination should be directed to Mr. Nathan Schmitz, Superintendent of Schools. Copies of the grievance procedure may be obtained in the School's office.

### **SEXUAL HARASSMENT**

It is Board policy not to discriminate on the basis of sex, marital status, or pregnancy in District run or District supported programs or activities. In addition, Board policy prohibits sexual harassment or sexual intimidation of students by District employees and students. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- a. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education;
- b. submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual; or
- c. such conduct has the purpose/effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive education or employment environment.

Individuals engaging in such prohibited activity shall be subject to disciplinary action up to and including expulsion from this institution as determined by such administrative or Board action as is required by Montana law or by Board policy.

This policy applies to acts of sexual harassment by any member of one sex against a member of the opposite or the same sex at all levels of the Schools community (i.e., supervisor-subordinate, faculty-student, employee-peer, and student-student).

If you or someone you know feels that you have been discriminated against, harassed or intimidated on the basis of sex, marital status, or pregnancy, please contact Mr. Nathan Schmitz, the Superintendent of Schools.

## **COOPERATION WITH LAW ENFORCEMENT**

*Questioning of Students:* When the law enforcement officers or other lawful authorities wish to question or interview a student at school:

- The Superintendent will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student.
- The Superintendent ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The Superintendent will cooperate fully regarding the condition of the interview, if the questioning or interview is part of a child abuse investigation.

### *Students taken into Custody*

State law requires the District to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is a probable cause to believe a student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- To comply with a properly issued directive to take a student into custody.
- By an authorized representative of Child Protective Services, Montana Department of Protective and Regulatory Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Montana Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the Superintendent will verify the officer's identity and, to the best of his/her ability, will verify the official's authority to take custody of the student. The Superintendent will ordinarily attempt to notify a parent unless the officer or other authorized person raises what the Superintendent considers to be a valid objection to notifying the parents. Because the Superintendent does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

## **STUDENT SERVICES**

### **INTERNET ACCESS**

Elder Grove Schools Acceptable Use Policy:

Access to the Internet is now available to the students, and staff of Elder Grove School. Elder Grove School will be connected with thousands of computers all over the world offering a wide variety of diverse and unique educational resources. Because the Internet provides access to computers and people all over the world, some materials on the Internet may not be considered of educational value in a school setting.

Elder Grove School will take precautions to ensure that users will be restricted from access to questionable materials on the Internet. However, with such a large amount of information available, it is impossible to guarantee restriction of access to all controversial materials. Use of the computers at Elder Grove School is a privilege, not a right. The smooth operation and maintenance of the computer system(s) relies on users adhering to the guidelines established in this document.

### **5th-8th Grade Emails**

All students in 5th-8th grade will be issued a school email account (i.e. [smith@eldergroveschool.org](mailto:smith@eldergroveschool.org)). This email will be used for educational purposes. All of the Elder Grove computer use policies apply to this email account.

Elder Grove School partners with Gaggle Inc. for their Gaggle Safety Management suite. They monitor all student emails for the safety and security of the students (i.e. inappropriate language, pornography, intruders, bullying, suicide, etc). If Gaggle discovers any issues they report the issue to the Administration of Elder Grove immediately via email or phone call if deemed necessary. For further information please contact the school.

#### **HEALTH SERVICES**

##### **SCHOOL NURSE AVAILABILITY**

A school nurse is available to students at Elder Grove School each Thursday. The school nurse will provide hearing screening, vision screening, dental screening, fluoride program, and other health related services to the students of Elder Grove with parental/guardian permission. parent/guardian will advise the school of any allergies, chronic illnesses, or serious physical or emotional problems their student may possess. Upon request, the school nurse is available to provide parent/guardian with information on medical and financial resources available in the community.

##### **ADMINISTRATION OF MEDICINE**

Montana State Law and the Administrative Rules of the Board of Nursing (effective May 27, 1994) allow licensed nurses to delegate specific nursing tasks to unlicensed persons. In the school setting, this allows the school nurse to delegate administration of student's medication to specific school personnel. At the beginning of each school year, the school nurse, in consultation with the building administrator, will delegate to 2-3 school personnel the administration of student medication. School personnel may not accept or supervise the administration of medication unless it is accompanied by a completed "Physician Order Permission for Medication to be given at School" form. This form is available from the school nurse or office secretary. Please see the notification section for further information.

Elder Grove School requires all medications to be given at home whenever possible. However, under certain circumstances, it may be necessary for medication to be administered to a student during the school day. When a student requires medication to be administered at school, a parent may make arrangements to come to school to give the medication or the above procedures must be followed. **All prescription medicine must be in the original container.**

**Prescriptions or over-the-counter medicines are never to be sent to school with a student with the exception of a metered dose inhaler or dry powder inhaler to alleviate asthmatic symptoms, prescribed by a physician to be**

**self-administered.** The prescription must be on file with the school office. There will not be any over-the-counter medication offered to students at Elder Grove (aspirin, Tylenol, cough drops, etc).

“Medical Marijuana” is considered illegal under federal regulations and because we as a school accept federal funding this federal definition will be enforced on school grounds. Marijuana is not allowed on campus at any time in the possession of anyone. All anti-drug policies will be fully enforced and all cases will be turned over to local law enforcement for prosecution.

## **INJURY**

Even with the greatest precautions and the closest supervision, accidents can and do happen at school. They are a fact of life and a part of the growing-up process our children go through. A parent/guardian needs to be aware of this and be prepared for possible medical expenses that may arise should their student be injured at school.

**The school district does not provide medical insurance to automatically pay for medical expenses when students are injured at school.** This is the responsibility of the parent or legal guardian.

In the event of illness or injury, a student will be cared for temporarily by the school nurse or designated school personnel. School personnel will render first aid only in the case of minor injury. In the event serious injury, illness, or medical emergency occurs, the parent/guardian will be contacted. If the parent/guardian are not available, the student will be taken to the emergency room at the hospital of your specified choice. **Remember, an emergency telephone number where parent/guardian or emergency contact person can be reached and the name and telephone number of the student’s family doctor must be on file at the school.**

## **CODE OF CONDUCT - AN OVERVIEW**

Proper disciplinary procedures are very important at Elder Grove Schools. Discipline is a process of teaching, not coercion. It seeks to involve youth in learning social responsibility and self-control. Effective discipline requires that there be multiple levels of consequences and, if a particular level is ineffective and undesirable behavior is repeated, then a more severe level needs to be assigned.

### **GENERAL RULES OF STUDENT CONDUCT**

Elder Grove School emphasizes student growth: academic and developmental. We believe all students can behave appropriately while at school. We will not allow any student to stop the teacher from teaching or prevent other students from learning. We expect students to at all times be **RESPECTFUL, RESPONSIBLE, AND SAFE.**

We believe our emphasis on the rights and safety of all our students will produce a more productive and positive place to learn and grow. To benefit from good discipline, a school must have disciplinary rules: (1) that are known to everyone, (2) that are consistently enforced by all staff, (3) that are clearly understood, and (4) that are supported by parents.

Classroom and playground discipline is primarily the duty of the classroom teacher and support staff. More serious discipline is handled by the principal. Students should fully understand that any school employee in the building has the authority to correct misconduct at any time.

We would like to request that you and your child review this discipline philosophy and the school rules. Thank you for taking the time to read and discuss this information with your child.

For the security of students, all students arriving after 8:05 am are required to check in at the main office or middle school office. They will need to receive a tardy slip in order for them to be admitted to their classroom.

All Students shall:

- Follow school/classroom rules and directions.
- Be punctual and in regular attendance.
- Complete assignments and use time effectively.

- Respect the rights and property of others.
- Be courteous and polite.
- Practice self-control.
- Work to the best of his/her ability.

### A) GENERAL PRINCIPLES OF THE CODE OF CONDUCT

The staff of Elder Grove Schools is striving to provide all students with a safe, respectful and orderly learning environment. As a student of Elder Grove Schools, you are expected to contribute to this environment. By maintaining high personal expectations for success, utilizing open communications with staff and fellow students, and following the guidelines listed below, you both increase your opportunities for success and help to make Elder Grove a better school.

- 1) Accept responsibility for your education, decisions, words and actions.
- 2) Act in a way that best represents your school, parents, community and self to promote a safe, healthy environment in which to learn.
- 3) Be active within the school and community.
- 4) Maintain a balance between academics, co-curricular activities, and community projects, continually giving your best effort to each.
- 5) Support your fellow students and their activities.
- 6) Respect cultural diversity, individuality, and the choices and rights of others.

These six general principles form the foundation of the code of conduct of Elder Grove Schools. If you act in accordance with these principles, you will be within the rules of the school; and most importantly, you will increase the likelihood of experiencing personal success and satisfaction, both now and in the future.

## **B) DISCIPLINE ROLES**

The **teacher** has the primary responsibility and authority for the maintenance of discipline in the classroom, in the school building, and on school grounds. Teachers have the authority to:

- Remove a student temporarily from the classroom by sending the student to the office.
- Deny certain classroom privileges.
- Use such reasonable measures as may be necessary to maintain control.
- Assign a student detention.

If the teacher's efforts to solve the problems are unsuccessful, the student may be referred to the **principal**, who has the responsibility and authority to use such reasonable measures as may be necessary to maintain control within the classroom, the school building and school property. The principal will establish and implement the rules and regulations for the school concerning the conduct of the students. The superintendent has the authority to impose suspension on students who fail to comply with school regulations and to recommend expulsion of students to the Board of Trustees.

## **C) EXPECTATIONS FOR CLASSROOM BEHAVIOR**

The classroom is certainly the most critical area of an educational institution. Your teachers will insist that your behavior and attitude in the classroom reflect the importance of learning in a serious manner. Therefore, it is expected that you:

- 1) Arrive to class on time,
- 2) Be prepared for class with all materials necessary for class that day.
- 3) Be attentive to the task at hand until dismissed by the teacher.
- 4) Demonstrate care and consideration for school property and the property of others.

## **D) BEHAVIOR**

If you violate the rules of Elder Grove Schools, certain consequences will follow. The specific consequences will be determined on the basis of the severity and/or frequency of the offense. The selection of the appropriate consequence is solely at the discretion of the Superintendent. Your parents will always be informed of the disciplinary consequence you receive. **If contact cannot be made by phone, a notice will be mailed and sent via Infinite Campus.**

**Students who are involved in extracurricular activities may face additional consequences in addition to school disciplinary action if their conduct violates the Activities Code of Behavior.**

### **Consequences are as follows:**

#### **Detention**

You may be assigned a detention by any staff member. Detention will take place either before or after school or during recess at the discretion of the disciplinary agent. It is the student's responsibility to fulfill this assignment within two school days after being assigned detention. Failure to show for detention within these two days will result in the student being assigned an extra day of detention or Saturday School. The sole activity permitted during detention is silent study. Silent study is each student at a desk working on homework assignments or quietly reading a book. Electronic equipment, sleeping, food, drink and talking are not allowed. Failure to follow these rules will result in additional consequences.

#### **Suspension (OSS or ISS)**

According to the School Code of Montana, a student may be suspended for up to ten days for "gross misconduct and disobedience." (See section entitled "Student Rights" for information on your rights in regard to suspension.)

**IF YOU ARE SUSPENDED FROM SCHOOL, YOU MAY NOT BE ON THE CAMPUS OR ATTEND ANY SCHOOL FUNCTION FOR ANY REASON UNLESS YOU HAVE MADE PRIOR ARRANGEMENTS WITH THE SUPERINTENDENT.**

Failure to observe this regulation is considered criminal trespassing and may result in prosecution. The student must have a conference with the principal prior to their return to class after suspension. A Parent Conference may also be required, at the discretion of the principal, before the student returns.

### **Police Referral**

All acts, which are illegal under the Criminal Code of Montana, will be reported to the police. This referral does not, however, forego the application of school disciplinary action for the same incident.

### **Referral to the Superintendent**

If you should continue your inappropriate behavior despite efforts to correct it, or if you should commit a serious act that disrupts the school or endangers others, you may be referred to the Superintendent. The Superintendent will initiate a thorough review of your behavior, and will determine the advisability of your remaining in school under your current program. Students reaching this level may also be placed on a Behavioral Contract.

### **Behavior Contract**

Students that are continually receiving consequences for misbehavior and/or students that transfer in to Elder Grove with a history of discipline problems will be placed on a Behavior Contract. These contracts state that the student will follow all the rules and regulations detailed in this handbook. Students will be removed from the contract after six weeks if they meet these expectations. A student violating their contract the first time will be suspended for five school days and a second violation will result in a recommendation for expulsion.

### **Expulsion**

In cases of repeated or extreme antisocial or illegal behavior, the Superintendent may recommend to the Elder Grove Schools' Board of Trustees that expulsion proceedings be initiated. The Board has the authority to expel a student for up to a year.

Elder Grove is committed to making our school a safe and caring place for everyone. We will treat each other with respect and we will refuse to tolerate bullying in any form at our school. Our definition of bullying:

**Bullying Behavior happens when someone uses his or her power to hurt another person.**

A person who is bullying uses power (size, age, popularity, confidence, and verbal ability) to hurt someone physically or emotionally. The power between the bully and the victim is not equal.

Bullying behavior may include the following:

- Physically hurting by hitting, tripping, pushing, shoving, biting, etc.
- Using name calling, put-downs, teasing, mockery, racial slurs, sexual comments, or swearing to insult, intimidate, or make fun of someone.
- Spreading rumors about someone.
- Excluding someone on purpose from a group activity, or trying to get others to not play with someone.
- Using cruel gestures or facial expressions.
- Touching or showing private body parts.
- Taking or damaging someone's possessions.
- Cyber bullying that affects the operation of a regular school day will fall under our Anti-Bullying Policy

Adults at our school will do the following things, within their discretion, to prevent bullying and to help students feel safe at school:

- Provide guidance classes to heighten the awareness of bullying.
- Watch for signs of bullying and stop it when it happens.
- Respond quickly and sensitively to bullying reports.
- Closely observe students in the building, on the playground, and elsewhere on campus.
- Take parents' concerns about bullying seriously.
- Assign consequences for bullying and contact parents.
- Provide immediate consequences for retaliation against students who report bullying.

Obscene material is that which an average person, viewing the material as a whole and applying community standards for children of a relevant age, would find, depicts or describes sexual conduct in an offensive way, appeals to a prurient interest, and lacks serious literary, artistic, political or scientific value. Libelous material is that which tends to falsely injure the reputation of another. Students who distribute such materials or who write or publish such material for distribution engage in gross misconduct. Students participating in this type of behavior will receive the following consequences:

#### **M) STUDENT DRESS AND APPEARANCE**

We recognize that school is a learning environment. Further, we recognize that part of one's education is learning when, where and how to dress properly. Therefore, a basic guideline for students relies on what is appropriate for public school learning environment. **Clothes will be provided by the middle school office for students to wear when the dress code is violated.**

- 1) Students are not to wear clothing that may create any disruption of the learning process. No representation or encouragement of alcoholic beverages or tobacco products, sexual connotations; spikes or chains; offensive or suggestive language or graphics; or any offensively revealing or distasteful material will be allowed. We also

work regularly with local law enforcement to stay up to date on any clothing styles that are deemed to be “gang related”. These clothes will not be allowed at Elder Grove.

- 2) Undergarments and shoes or sandals are required. However; undergarments are to be fully covered including bra straps, waistbands, and tops of “boxers.” At no time should undergarments be showing through holes or tears in jeans/shirts or below the length of a skirt/shorts, etc.
- 3) Bare midriff, see through and backless garments are not appropriate, nor any tops tied together by strings across the back or around the neck such as “bandana” or “halter” tops. Spaghetti straps, tube tops, and any tops with straps that do not cover the bra strap are not appropriate. Tank tops are acceptable if the depth of the armhole does not reveal undergarments or allow the chest and back to be visible through the armhole. Half shirts and belly shirts cannot be worn. Strapless, low-cut, deep scoop neck, and see-through mesh clothing will not be allowed.
- 4) Dresses, shorts, skirts and skorts may not be shorter than 5 inches on the “body inseam.” Students with items of clothing in question will be asked to measure from their crotch to the bottom of the clothing on the inside of their leg. The bottom of the item of clothing needs to measure at least 5 inches in length.
- 5) A teacher may require additional standards of student dress as deemed appropriate in order to ensure a proper safety standard for the course work/activities required in class (i.e. sciences, vocational classes, PE, or any special project, etc.). This may extend to footwear, fabric content requirements, head coverings, safety protection, etc.
- 6) Hoods, hats and sunglasses are not to be worn indoors during school hours.
- 7) The appropriateness of dress may be determined by the building administrator. Students wearing inappropriate apparel will be asked to change into the provided clothes from the school.

The dress code will be enforced on all school property during school hours and when participating and traveling to school-sponsored activities, i.e. promotion, field trips etc... Inappropriately dressed students may be asked to leave these events.

#### **N) ALCOHOL OR DRUGS**

Using, purchasing, possessing, selling, distributing, or suspicion of **being under the influence** (including “coming down” or being “hung over”) of alcohol, illegal drugs (including resonated paraphernalia and look-alike drugs), any controlled substance, or any prescription medication that has not been prescribed for you, on campus or at a school-sponsored activity will not be tolerated. Students who violate this policy are subject to arrest. Examples of paraphernalia include rolling papers, pipes, clips, hypodermic needles, etc.

In order to keep our campus safe for all students we will on occasion utilize police canines to make sure that there is no contraband on site. We will also periodically search student lockers. Use, possession, purchase, under the influence of illegal drugs, alcohol, or controlled substances will result in the following:

**First Incident:** Parents and police will be contacted, Three to Five day suspension. Possible recommendation for expulsion is possible depending on the severity of the incident.

**Second Incident:** Parent and police will be notified, automatic ten-day suspension and recommendation for expulsion.

In order to best serve all students we strongly believe that chemically dependent students should seek medical help. We will take every possible step we can as a school to help these students, but they must be willing to take responsibility and help themselves.**

**Notifications:****AHERA Yearly Notification Form**

Dear Parents, Teachers, Building Occupants, and Employee Organizations:

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were

located, sampled (or assumed) and rated according to condition and potential hazard. Every three years, Elder Grove School has conducted a reinspection to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last reinspection, conducted in May 2011, materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected and found to be in good condition.

The law further requires an asbestos management plan to be in place by July 1989. Elder Grove School developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

It is the intention of Elder Grove School to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in the school district administrative office or administrative office of the school during regular business hours. Jeff Barnes is our designed asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 656-2893

### **MEDICATION USE IN SCHOOLS**

WHEN MEDICATIONS ARE NEEDED IN THE SCHOOL SETTING, HERE ARE THE GUIDELINES PARENTS/STUDENTS NEED TO KNOW.

1. When a child requires medication to be administered in the school setting, the parent/guardian will submit a completed "Medication Consent Form" for all prescription and non-prescription medications. If there is something unique about the medication, the parent/guardian needs to give the school time for the school nurse to prepare and train staff. A health care provider's signature will be required for all prescription medications, and upon request at the discretion of the school nurse for nonprescription medication. The school can fax the form to the health care provider for the signature.
2. This procedure is to cover all students in grades K-8.
3. Parent/guardian or another responsible adult should deliver medication to the school nurse or delegated-trained staff. All prescription medication will be counted by two people upon receipt and recorded on the medication log.
4. All medication must be brought to school in the original bottle labeled with the child's name, and including the name of medication, dosage, time to be taken, and duration of time to be taken.
5. To avoid adverse medication reactions at school, the first dose of medication must be administered at home.
6. All medication stored at school will be double locked (i.e., locked box in a locked office). Access to stored medication will be limited to persons who have been trained in supervision and administration of medication. Each School will maintain training forms of those persons trained by the school nurse to administer medications.
7. The student may carry emergency rescue medications, including an inhaler and Epipen. All other guidelines included in this guideline must be followed. Even though we want the child trained to carry their own medications, it is important for parents to provide a backup set for the school, in case the child forgets their backpack medication at home. The consequence for a student sharing their medication with other students should be discussed with your child.
8. The school nurse reserves the right to review and deny all requests for medication administration during school

hours based on completeness of compliance with these guidelines.

9. When field trips are scheduled during usual school hours, plans will be made to provide medications normally administered during school hours.
10. When there are any changes in your child's medication, a new "Medication Consent Form" must be completed.
11. At the end of the school year, the parent/guardian is expected to pick up the remaining medication. If the parent does not pick up medication after school is out, any unused or discontinued medication will be destroyed. Two staff personnel will destroy medication, record the amount and both sign the medication sheet, according to safe disposal techniques.

### **Notification of Rights under FERPA for Elementary and Secondary Schools**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal clearly identifying the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-8520

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Elder Grove School with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Elder Grove School may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Elder Grove School to include this type of information from your child's education records in certain school publications. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Elder Grove School to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by November 13, 2020.

Elder Grove School has designated the following information as directory information:
